Private Colleges and Universities vary in their application deadlines but in most cases it would be safe to submit your complete application before the end of December.

College Application Process

The basis for qualifying for financial aid is determined when you submit the FAFSA form “**Free Application for Federal Student Aid.**” The form can be submitted on or after Jan 1st of each year and must be received by most private colleges by Feb 1st and by the state schools by March 2nd.

If you have applied to a private college or University in most cases you must also submit the **CSS Financial Aid Profile** which is another financial aid document that asks for more detailed information to help them award non-federal student aid funds.
